Caring Dads is devoted to ensuring the safety and well-being of children by working with fathers who are alleged to have abused or neglected their children or exposed them to abuse of their mothers.

WHAT IS IT?

Caring Dads provides a 17-week parenting course for fathers who are in contact with their children or have the expectation of being in contact with them.

It is a cognitive behaviour therapy programme for up to 16 fathers and is delivered by trained facilitators with a background in child development or offender management.

HOW IT HELPS

This programme is designed to enable men to improve their fathering skills and take responsibility for their children's welfare and safety.

It is primarily to develop the father's relationship with the child and mother to reduce the impact on both. It is also to encourage child centred behaviour, reduce conflict in family life and enable men to become better fathers.
